FIRM PROFILE

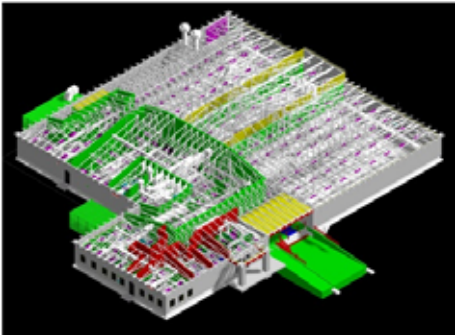

Heffernan Holland Architecture was founded in Pensacola, Florida in 1983 by Robert Heffernan and Scott Holland and Philip Morgan joined the firm in 1989. Mr. Morgan was made partner in 1993 and the firm has since operated under the name Heffernan Holland Morgan Architecture (HHMA).

HHMA has been in practice at the same address since 1985, providing planning, architectural and interior design services. Project deliveries include production of RFP's, traditional full-services for design-bid-build as well as design-build facilities. Our experienced team of design professionals continues to be led by the partners: Robert Heffernan, Scott Holland, and Philip Morgan. The partners provide a high standard of service to each client and remain involved in each project, from concept through construction.

HHMA's approach to design is predicated on the understanding that every facility has unique requirements, requiring a unique solution. We clearly guide and document every project through each phase of development:

- Programming
- Schematic Design
- Design Development
- Construction Documents
- Bidding
- Construction Administration

These phases of development are traditional, unchanged, and continue to serve the delivery of facilities design and construction. In addition to these traditional standards, HHMA has extensive experience with new-age project-delivery issues such as:

- Integrated Project Delivery(partnering)
- Building Information Modeling(BIM) Technology
- Sustainable Design(LEED certifications)

In 1986, HHMA was awarded its first contract serving the U.S. Armed Forces, specifically the U.S. Navy at Naval Air Station Whiting Field, Milton, Florida. The Whiting Field contract was renewed annually until the dissolution of the Whiting Field command under a U.S. Navy restructuring program in 2000. During this period, building on the U.S. Navy service history, HHMA obtained other IDIQ contracts for professional design services at Eglin Air Force Base and Hurlburt Field, which have continued to be renewed annually since 1992 and 1995, respectively.

Heffernan Holland Morgan Architecture has been awarded numerous Indefinite Delivery/Indefinite Quantity (IDIQ) contracts with multiple option years and awards of individually-competed Task Orders, including, the following agencies:

- **NAVFAC SE, Jacksonville, Florida** - (NAS Pensacola, FL; NSA Panama City, FL; NAS Whiting Field, FL; NOSC Tallahassee, FL; NCBC Gulfport, MS; NAS Meridian, MS; NSA Millington, TN; NAS JRB New Orleans, LA)
- **United States Air Force** - (Eglin AFB, FL; Duke Field, FL; Hurlburt Field, FL; Tyndall AFB, FL)
- **Mobile and Savannah District Corps of Engineers** – (Patrick AFB, FL; Ft. Rucker, AL; Ft. Benning, GA; Columbus AFB, MS; Eglin AFB, FL)
- **United States Coast Guard (7th District)** – (USCG Charleston, SC; USCG Ft. Myers, FL; USCG Key West, FL; USCG Air Station Miami, FL; Hillsboro Light Station, Pompano Beach, FL; USCG San Juan, PR; USCG Borinquen, PR; USCG Aviation Training Center, Mobile, AL; USCG Grand Isle, LA)
- **United States Fish & Wildlife Service** – (St. Charles, AR; Edenton, NC; Titusville, FL; Yazoo City, MS)
- **United States Postal Service**
- **United States Veterans Administration**
- **Florida Department of Transportation (District Three)**
- **Florida Department of Corrections**
- **Florida Department of Management Services**
- **Florida Department of Health**

This broad range of experience makes HHMA's team of design professionals a successful addition to any project delivery group. In addition to the agencies listed above, there are several contracts that HHMA has been privileged to service for state and local educational agencies. These contracts have provided a broad-range of projects that have been instrumental in the formation of HHMA's design expertise, with projects ranging from small historic renovations to complete campus designs. HHMA's in-house staff of fourteen (14) and our professional consulting-engineer team members have successfully executed hundreds of task orders, many simultaneous and under short time constraints. It is this combined team experience that continually puts us in the short-lists to provide professional design services for government facilities.

BIOGRAPHIES

Philip Morgan, AIA, Partner

RESPONSIBILITIES

Mr. Morgan maintains hands-on leadership through all phases of project delivery. He organizes the work effort, establishes the design-process, and develops alternatives and design solutions. During the construction process, Mr. Morgan oversees documentation and coordinates the construction-administration. He will lead all design presentations, attend all review meetings and maintain contact with the client regarding all policy matters for the duration of the project.

Mr. Morgan's current work includes a number of projects for the federal-government, primarily consisting of facilities for our armed-forces. His body of work is distinguished by a very wide variety of facility types, summarized briefly in this document.

GOVERNMENTAL FACILITY EXPERIENCE

- Hospital Auditorium Building, Eglin AFB, FL
- Advanced Explosive Ordnance Disposal Training Facility, Eglin AFB, FL
- FY99 & FY00 Dormitories, Eglin AFB, FL
- Ben's Lake Marina, Eglin AFB, FL
- Renovate BEQ 208, NAS Meridian, MS
- Capehart Housing Wholehouse Revitalization, NAS Meridian, MS
- IFF Squad Ops Building, Columbus AFB, MS
- FY-07 Dormitory, Hurlburt Field AFB, FL
- Renovate Dorms 4912 and 4913, Fort Rucker, AL
- Weapons Repair Shop, Fort Benning, GA
- Munitions Inspection Facility, Hurlburt Field AFB, FL
- CAC Aircraft Modification Hangar, Bob Sikes Airport, Crestview, FL
- Advanced Energetics Research Lab, Eglin AFB, FL
- Renovate Hangars 1853 and 1854, NAS Pensacola, FL
- LADAR Development and Evaluation Research Facility, Eglin AFB, FL
- Benson Tank Storage Facility, Duke Field AFB, FL
- Military Working Dog Kennel, Fort Rucker, AL
- Renovate Telemetry Tower, Tyndall AFB, FL
- 911 Call Center, Moody AFB, GA
- Pier Papa Rehabilitation, Naval Engineering Support Unit, Charleston, SC

PROFESSIONAL ACTIVITIES, HONORS AND APPOINTMENTS

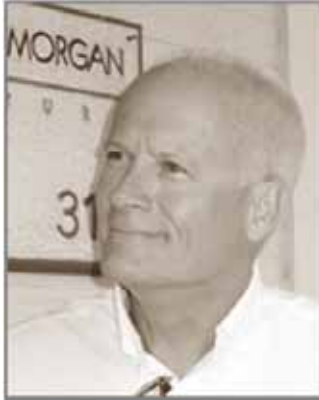

- 1985-present, American Institute of Architects, Member
- 1989-present, Society of American Military Engineers, Sustaining Member
- 1995 –present, Construction Specifications Institute, Member
- 2000, 2001, 2003, Architectural Design, Honor Awards, Guest Juror, Northwest Florida State College
- 1988, Honorable Mention, Architecture, Des Moines Arts Center, Design Competition
- 1988, William Wilde Memorial, University Design Team Member, Charles Moore
- Registered Architect Alabama, # 5761
- Registered Architect Florida, # AR0014409

CAREER AND EDUCATION

- Bachelor of Architecture/1989/University of Arizona
- 1989-present, National Council of Architectural Review Boards, Certificate-Holder

BIOGRAPHIES

R. Scott Holland, AIA, Partner

RESPONSIBILITIES

Mr. Holland has 34 years of experience in the design of various public and private facilities. During the past 18 years, he has primarily focused on designs for government facilities and has been Project Manager for over 400 projects for the U.S. Navy and 23 projects for the U.S. Postal Service. These projects include renovation, additions, repairs and alterations, and new construction.

Mr. Holland has also been Project Manager for two renovation/repair projects at Pensacola Junior College, with construction costs of \$1.5 million each, a \$2.25 million project to renovate hurricane-damaged Island Echos Condominiums, and a new \$2.1 million bed & breakfast inn in downtown Pensacola.

His education background includes: Auburn University, 1976 with a Bachelor of Architecture (Design) and a Bachelor of Science in Environmental Design. Mr. Holland has an active registration as an architect with the Florida, Alabama, Georgia and Mississippi; NCARB and Interior Design in Florida. His affiliations include Vice President, Board of Directors, Clean and Green and a member of the Society of American Military Engineers.

GOVERNMENTAL FACILITY EXPERIENCE

- Repairs to Fund Housing, Whiting Pines, NAS Whiting Field, FL
- Addition/Alteration to Youth Center, Patrick AFB, FL
- Repairs/Renovations to BOQ and BEQ, NAS Whiting Field, FL
- Interior/Exterior Renovations to Consolidated Club, NAS Whiting Field, FL
- Interior and Exterior Renovations to MWR Offices, NAS Whiting Field, FL
- Weapons Repair Shop, Ft. Benning, GA
- Renovate Building 1500, Command H.Q., NAS Pensacola, FL
- Restore BOQ 3252, NAS Pensacola, FL
- Restore NAMI Physical Qualifications Facility, NAS Pensacola, FL
- Replace CE Complex, MSANG, Gulfport, MS
- Ground Service Equipment/Aircraft Paint Facility, NAS Whiting Field, FL
- CAC Aircraft Hangar, Crestview, FL
- Provost Marshal/Fire Station, Ft. Rucker, AL
- FDOT District 3 Laboratory, Chipley, FL
- Crash-Crew Facility, OLF Silverhill, AL

CAREER AND EDUCATION

- Bachelor of Architecture/1976/Auburn University
- Bachelor of Science/1976/Environmental Design/ Auburn University

BIOGRAPHIES

Robert Heffernan, AIA, LEED AP BD+C, Partner

RESPONSIBILITIES

Mr. Heffernan has over 34 years' experience in the design of a variety of commercial, educational, institutional, custom residential and military projects. He is a graduate of Auburn University with a Bachelor of Architecture and a Bachelor of Science in Environmental Design. Mr. Heffernan has an active registration in Florida, Alabama, Arkansas and North Carolina and is an NCARB certificate holder. Robert Heffernan is a member of the American Institute of Architects and the Society of American Military Engineers

GOVERNMENTAL FACILITY EXPERIENCE

- Fish and Wildlife MATOC
 - Valves and Pipe Replacement, Edenton National Fish Hatchery
 - Saline Well, Edenton National Fish Hatchery
 - Rehabilitation of Holding House, Edenton National Fish Hatchery
 - The New Headquarters Office Yazoo National Wildlife Refuge in Hollandale, MS and Panther Swamp National Wildlife Refuge in Yazoo City, MS
 - Design/Build of New Merritt Office Building, Merritt Island National Wildlife Refuge, Titusville, FL
 - Construction of New Bunkhouse Quarters, White River National Wildlife Refuge, St. Charles, AR
 - Rehabilitation of Existing Bunkhouse Quarters, White River National Wildlife Refuge, St. Charles, AR
- Renovations to NMCRC Tallahassee, NSA Panama City, FL
- Design/Build 7th Special Forces Complex SOF GSB Detachment Building, Eglin AFB, FL
- Design/Build Addition and Alteration to Physical Fitness Center, Building 359, Homestead ARB, FL

- NCARB
- AIA
- LEED AP BD+C
- Society of American Military Engineers
- Registered Architect Alabama, # 30016127
- Registered Architect Florida, # AR0009262

CAREER AND EDUCATION

- Bachelor of Architecture/1977/ Auburn University
- Bachelor of Environmental Design/1977/ Auburn University

BIOGRAPHIES

Byrne R. Lambkin, AIA, LEED AP BD+C
PROJECT ARCHITECT
SUSTAINABILITY MANAGER

RESPONSIBILITIES

Mr. Lambkin is a U.S. Green Building Council Leadership in Energy and Environmental Design (LEED) Accredited Professional. His knowledge of sustainable design and construction provides clients with buildings that are more environmentally sustainable, which typically results in projects that are more economically sustainable.

With years of experience in the construction field, Mr. Lambkin joined HHMA in 1991 and has provided design assistance and production of construction documents for over 50 projects throughout the Southeastern United States.

GOVERNMENTAL FACILITY EXPERIENCE

- Renovate BEQ, Bldg. 208, NAS Meridian, MS
- Renovate BOQ, Bldg. 3252, NAS Pensacola, FL
- FY99/00 Dormitories, Eglin AFB, FL
- Renovate BOQ 2957/BEQ 2958, NAS Whiting Field, Milton, FL
- Before and After School Care Facility, Eglin AFB, FL
- Columbus AFB, MS :
 - Construct Entry Gate House Facilities, Main and South Gates, D/B
 - Repair Maintenance Hangar 450
 - IFF Squadron Operations Facility
 - ADAL Flight Simulator, Building 268
 - ADAL Supt Squadron Operations, Building 236
- Weapons Repair Shop, Ft. Benning, GA- LEED Silver
- Design-Build For Operations and Maintenance Projects, Duke Field, FL:
 - Renovate Building 3002
 - Repair Fire System Hangar Building 3029
 - Renovate Wing HQ Reserve Training Building 3077
 - Construct Mobility Storage K-Spans
 - Construct Addition to Building 3120
 - Construct Elevated Water Tank
 - Replace Water Distribution Lines
- FY07, 50-Person Dorm, Hurlburt Field, FL – LEED Documented

PROFESSIONAL ACTIVITIES

- AIA
- LEED AP BD+C, U.S. Green Building Council
- Registered Architect Florida, # AR0013940

CAREER AND EDUCATION

- Bachelor of Architecture/1991/Kansas State University

BIOGRAPHIES

John E. (Jeff) Fuller, AIA, RRC
PROJECT ARCHITECT
REGISTERED ROOF CONSULTANT

RESPONSIBILITIES

Mr. Fuller has been an associate with Heffernan Holland Morgan since 1999. He has assisted in the design and production of construction documents for numerous military facilities in Escambia, Okaloosa and Walton counties in Florida as well as Gulfport Mississippi. Mr. Fuller, a Registered Roof Consultant, is a member of the Roof Consultants Institute (RCI), and is the current Secretary of the Northern Gulf Coast Chapter-RCI.

GOVERNMENTAL FACILITY EXPERIENCE

- Aircraft Wash Rack Facility, Eglin AFB, FL
- FY99 Dorms, Eglin AFB, FL
- Advanced Explosive Ordnance Disposal Training Facility, Eglin AFB, FL
- Repair/Replace Roofs Various Buildings, NCBC Gulfport, MS
- Helicopter Wash Rack, Hurlburt Field, FL
- Re-Roof Cherokee Elementary School, Eglin AFB, FL
- Re-Roof Dorm 19, Eglin AFB, FL
- Design/Construct Facility 823rd RHS Mobility Training, Hurlburt, FL
- Renovate Fire Station, Camp Rudder, Eglin AFB, FL
- Controlled Environmental Storage Facility, Eglin AFB, FL
- Hospital Auditorium Building, Eglin AFB, FL
- Renovate Hangar 3057, Duke Field, FL
- Add/Alter Building 3087, Duke Field, FL
- Repair 1 SOHMX Hangar 91262/91266, Hurlburt, FL
- Add to 25 IOS Facility 90073, Hurlburt, FL

PROFESSIONAL ACTIVITIES

- AIA
- Roof Consultants Institute, #25756
- Registered Roof Consultant, #0443
- Registered Architect Florida, # AR0013940

CAREER AND EDUCATION

- Bachelor of Architecture/1979/Architecture/Syracuse University
- BA/1979/Fine Arts/Syracuse University
- Master of Arts/1981/Architecture and Historic Preservation /University of Florida

BIOGRAPHIES

Karl G. Beasley, RA, SAME
PROJECT ARCHITECT

RESPONSIBILITIES

Mr. Beasley has been an associate with Heffernan Holland Morgan since 1991. He has provided construction drawing, specification, and cost estimating preparation for various public and private clients. Since 1994, has been Project Architect and primary point of contact for numerous projects at various military installations throughout the Southeastern United States and Puerto Rico.

GOVERNMENTAL FACILITY EXPERIENCE

- Hospital Administration Building, Eglin AFB, FL
- GSE/ Aircraft Painting Facility, NAS Whiting Field, FL
- Security Fencing and Barriers and Intrusion Detection, Eglin AFB, FL
- AT/FP Main Gate/Soundside Entry Control Facilities, Hurlburt AFB, FL
- East Gate Improvement, Eglin AFB, FL
- Ordnance Operations Facility, NSA Panama City, FL
- LA Plaza Building Rehabilitation, US Coast Guard, Air Station Borinquen, Aguadilla, Puerto Rico
- Saufley Field Demolition/Consolidation to NAS Pensacola, FL
- Renovate Child Development Center, Building 36, NAS Whiting Field, Milton, FL
- Prototype Coating Facility, NSA Panama City, FL
- Construct Parachute Tower, 16 EMS Facility, Hurlburt AFB, FL
- Add/Alter CV-22 Squad Ops Facility, Building 91259, Hurlburt AFB, FL
- Add to Fitness Center 90517, Hurlburt AFB, FL
- Mine and Shallow Water Systems Facility, NSA Panama City, FL
- Refurbish Dive School Pool, NSA Panama City, FL
- National Airspace System Modernization Facility Site Preparation, NAS Pensacola, FL
- Mid-life Rehab of Galley, Building 113, U.S. Coast Guard, Air Station Miami, FL
- AT/FP Upgrades, Site C-6, Eglin AFB, FL

PROFESSIONAL ACTIVITIES AND HONORS

- NCARB
- Registered Architect Florida, # AR0016979
- Member, Society of American Military Engineers
- Honorable Mention, "The Venice Stage" National Design Competition for Venice, California

CAREER AND EDUCATION

- Bachelor of Architecture/1990/Architecture, Auburn University

BIOGRAPHIES

Danielle Darczy
INTERIOR ARCHITECT

RESPONSIBILITIES

Ms. Darczy joined Heffernan Holland Morgan in 2008. She graduated from Ringling School of Art and Design with a BFA in Interior Architecture. She also studied the history of architecture and architectural design at SACI in Florence, Italy. Her primary project role is selection and presentation of interior finish systems, producing interior renderings integrated with material samples. Ms. Darczy also produces construction documents for the fabrication of all custom millwork and casework. When project scope requires, she also works with the client to select and procure furnishing systems.

GOVERNMENTAL FACILITY EXPERIENCE

- Fort Rucker Library, Fort Rucker, AL
- Design/Build Military Working Dog Kennel, Eglin AFB, FL
- Design/Build Reserve Training Building 3077, Duke Field, FL
- Design/Build Hangar Building 3029, Duke Field, FL
- Weapons Repair Shop, Fort Benning, GA
- Hangar 450, Columbus AFB, GA
- Building 504 Fire Station, Corry Station, FL
- Advanced Energetics Research Laboratory, Eglin AFB, FL
- Chapel Center, Fort Rucker, AL
- Renovate Fire Station 5, Camp Rudder, FL
- Renovate Family Support Center, Eglin AFB, FL

IDIQ CONTRACTS

A/E IDIQ CONTRACT NAVFAC SOUTHEAST

Client: U.S. Navy
Completion: Ongoing
Award: \$7.5 Million

This IDIQ contract was for a five (5) year time period (one year plus four option years) with \$1.5 Million in fees per year and with a total fee award not to exceed \$7.5 Million. The contract was completed in approximately two (2) years, 2007-2009, and utilized the entire fee amount of \$7.5 Million. HHMA has participated in eighty-eight (88) projects ranging in construction cost from \$150K to \$18.1 Million. Scopes of work included new building structures, interior/exterior renovations, building additions, reroofing, roadways, landscape projects, mechanical/electrical repairs/renovations, runway extensions, environmental studies, traffic studies, and preparation of RFPs. Work was performed at: NAS Pensacola, NAS Whiting Field, NSA Panama City, NOSC Tallahassee, NCBC Gulfport and NAS JRB New Orleans.

HURLBURT FIELD AFB IDIQ CONTRACT HURLBURT FIELD AFB, FL

Client: U.S. Air Force
Completion: Ongoing
Award: \$2.5 Million

This IDIQ contract has been renewed for a second 5 year term. The first contract was secured in 1999 with Hurlburt AFB. The present IDIQ contract was for a five-year (5) time period (one base year plus four option years) with a maximum of \$500,000 in fees per year and with a total fee award not to exceed \$2.5 million. During the 5 years of the contract (2004 - 2009) HHMA completed forty (40) projects with a max construction cost of \$750,000. Scopes of work included new building structures, interior/exterior renovations, building additions, mechanical/electrical repairs/renovation, and energy studies.

EGLIN AFB IDIQ CONTRACT EGLIN AFB, FL

Client: U.S. Air Force
Completion: Ongoing
Award: \$5 Million

This IDIQ contract has been renewed for a fourth 5 year term. The 2003 - 2008 contract was for a five-year (5) time period (one base year plus four option years) with a max of \$500,000 in fees per year and with a total fee award not to exceed \$2.5 million. The current 2009 - 2012 contract is for a max of \$5 million. During the 5 years of the contract (2003 - 2008) HHMA completed thirty-five (35) projects with a max construction cost of \$750,000. Scopes of work included new building structures, interior/exterior renovations, building additions, mechanical/electrical repairs/renovation, civil master planning, golf course renovation, civil repairs, and AT/FP upgrades.

RELEVANT EXPERIENCE

HOUSING

FY-07 Dormitory
HURLBURT FIELD AFB, FL

Client: U.S. Air Force
Completion: 2009
Size: 22,850 sf

The FY-07 Dormitory provides housing for unaccompanied enlisted personnel. The dormitory is a 2-story structure existing composed of five (5) primary areas. These primary functional areas are living modules, support areas, laundry room, day room, and staff offices. Each living module serves two (2) people with a total of 76 people in 38 rooms and consists of one living area with a bedroom, two walk-in closets, two vanities and a shared toilet/shower room. Primary materials include painted split face CMU and prefinished standing seam metal roof and fascia. All exterior glazing is in accordance with current force protection standards. Interior wall assemblies include metal stud and painted gypsum board. Cost: \$7.669 Million

Renovate BEQ, Building 208
NAS MERIDIAN, MS

Client: U.S. Navy
Completion: 2002
Size: 21,000 sf

The complete renovation of an existing two-story dormitory. The specific work included demolition of existing walls down to the structure including all mechanical and electrical systems. The renovation created 55 motel like units with support areas including, vending, lounge, kitchen, laundry rooms and housecleaning storage. Cost: \$3.1 million

Dormitory 4912 and 4913
FT. RUCKER, AL

Client: U.S. Army
Completion: 2006
Size: 12,000 sf

Design-build project of an extensive renovation of existing dormitory buildings. The existing facilities were "gutted" to the structure and provided with all new interior architectural systems, as well as complete HVAC replacement. The dormitories are 3-story facilities comprised of 24 living areas with private baths. New finishes included doors, ceilings, wall coverings, and carpet and tile flooring. The private baths were renovated completely with new finishes, vanities, bathtub/showers, plumbing fixtures and accessories. Cost: \$1,310,000

RELEVANT EXPERIENCE

HOUSING

FY 99/00 Dormitories

EGLIN AFB, FL

Client: U.S. Air Force

Completion: 2001

Size: 45,000 sf

Design-build project of two 3-story dormitories designed and constructed simultaneously. FY99 is a 142-person dormitory and FY00 is a 96-person dormitory, both designed in the 1+1 configuration, to be converted to private apartments in the future. Both dormitories included the design of commons areas that included support areas such as day rooms, office, mailboxes, laundry areas, game rooms, social areas, and storage rooms. The design package also includes preparation of a masterplan included this project and four future dormitories. Cost: \$11.1 Million

Renovate BOQ, Building 3252

NAS PENSACOLA, FL

Client: U.S. Navy

Completion: 2002

Size: 121,000 sf

Design-build consisted of renovating an existing Bachelor Officers Quarters. Renovation included converting existing three room suites into guestrooms, and renovating common areas, administration areas, mechanical, electrical, and housekeeping areas. Finished renovation yielded 242 guestrooms. Cost: \$6.7 Million

BOQ, Bldg. 2957 and BEQ, Bldg. 2958

NAS WHITING FIELD, MILTON, FLORIDA

Client: U.S. Navy

Completion: 1998

Size: 239,466 sf

Interior and exterior renovations, including environmental remediation, of twin 3-story dormitory buildings, Bldg. 2957 (368 private room) and Bldg. 2958 (354 private rooms). Work included the upgrade and repair of all architectural finishes, repair all bathrooms and kitchen areas, replacement of all electrical fixtures and receptacles, upgrade of all electrical panels, replacement of existing mechanical system with a water-source central system with individual air-handlers, removal of existing storefront system and replacement with energy efficient exterior wall system, bring all handrails up to code and tying both buildings into base fire alarm system. Cost: \$7.4 Million

RELEVANT EXPERIENCE

MAINTENANCE FACILITIES

WEAPONS REPAIR SHOP

FT. BENNING, GA

Client: U.S. Army

Completion: 2011

Size: 22,832 sf

A design-build project consisting of a new Weapons Repair Shop. The building required extensive site-work and AT/FP protection. The new Weapons Repair Shop includes: weapons repair; weapons sight repair; communications equipment repair; optical equipment repair; small arms repair; quality check shop; parts storage; indoor firing range; and ancillary support areas such as showers, lockers, offices, and break rooms. The project was completed using Microstation/Bentley BIM software and is being constructed to meet LEED Silver certification requirements. Cost: \$9.2 Million

GROUND SUPPORT EQUIPMENT/AIRCRAFT PAINTING FACILITY

NAS WHITING FIELD, MILTON, FL

Client: U.S. Navy

Completion: 2003

Size: 17,700 sf

Design-build project of a 10,800 sf Ground Support Equipment Building and a 6,900 sf Aircraft Paint Facility that includes an aircraft paint booth, blast bay, and a washrack. Specialty items include a plenum hangar door for the paint bay and a bi-fold clamshell hangar door for the blast bay. Cost: \$4.25 Million

REPLACE CE COMPLEX

GULFPORT, MS

Client: U.S. Air National Guard

Completion: 2009

Size: 17,000 sf

Design-build project consists of the replacement of Air National Guard facilities destroyed by hurricane Katrina in Gulfport Mississippi. The new facility consists of maintenance and shops facilities. The new Shops facility will include the following functions: Electrical shop; HVAC shop; Structural shop; LFM/Utilities shop; Pavement and Grounds shop; Tool and Bench Stock rooms; and ancillary support areas such as showers, lockers, offices, and break room. Cost: \$5.2 Million

RELEVANT EXPERIENCE

TRAINING FACILITIES

ADVANCED EXPLOSIVE ORDNANCE DISPOSAL TRAINING FACILITY EGLIN AFB, FL

Client: U.S. Air Force

Completion: 2006

Size: 18,000+ sf

A design-build project composed of an 18,000 sf main “Applied Instruction Building” (AIB) and numerous “training sites” comprised of approximately 19 other buildings. The AIB consists of classrooms, mock-up labs, offices, workshop, and garage area. The training site facilities are very industrial in construction and degree of finish. Training site structures include: Farm House, Gas Station, House-sites, Offices, Train Station, Newspaper Office, Police Station, Post Office, Bank, Library, Airline Terminal, Chlorine Plant, School, Motel, Townhouses, Barn, Control Tower, and Hangar. Cost: \$6.5 Million

RESTORE BUILDING 1954

NAS PENSACOLA, FL

Client: U.S. Navy

Completion: Ongoing

Size: 21,544 sf

The project consists of renovating Building 1954, the Naval Aerospace Medical Institute (NAMI) Aerospace Physical Qualifications Building. The building is a single story structure and is approximately 21,544 square feet in size. The building was constructed in 1965 and is part of the Naval Operational Medicine Institute (NOMI) located at NAS Pensacola. In addition to supporting electrical, fire suppression, and mechanical work, the architectural work includes reconfiguring all interior spaces to create better circulation and conform to current building codes and user needs; updating restrooms to meet ADA codes; replacing all existing floor and ceiling finishes; replacing all windows and exterior doors to meet impact and AT/FP requirements; constructing new wall systems with associated finishes as required by new room configuration layout; and replacing fixed seating in the auditorium. Additional work included the construction of a 2,500 square foot student library addition. The exterior walls were constructed of CMU with brick veneer to complement the existing building. Cost: \$2.5 Million

HOSPITAL AUDITORIUM BUILDING

EGLIN AFB, FL

Client: U.S. Air Force

Completion: 2003

Size: 5,000 sf

Design-build project of a new Auditorium Building which provides seating for 100 people, including nine wheelchair spaces. The facility also provides entrance lobby area, and state of the art audio/visual control room, which allows that facility to be used most often for group training programs. The Auditorium has a level floor and raised handicapped accessible stage. The facility is designed in conformance with the Department of Defense's Antiterrorism Construction Standards.

RELEVANT EXPERIENCE

OFFICE FACILITIES

SAUFLEY FIELD DEMOLITION/CONSOLIDATION TO NASP

NAS PENSACOLA, FL

Client: U.S. Navy

Completion: Ongoing

Size: 250,000 sf

Facilitate the implementation of an Enhanced Use Lease (EUL) of Saufley OLF (Saufley Field) by relocating most of Saufley Field DoD tenants to Naval Air Station Pensacola main site. The majority of the personnel will be relocated to three facilities on board NASP. Space in buildings 603, 648, 781-O, and 225 will be renovated to accommodate the Saufley Field tenants. Additional work includes the demolition of six buildings at Saufley Field. The scope of work for Building 603, a four story structure at NASP, includes renovating approximately 164,000 square feet to house Naval Education Training and Professional Development and Technology Center (NETPDTC), Defense Activity for Non-Traditional Education Support (DANTES), and Defense Automated Printing Service (DAPS) personnel. The scope of work for Building 648 includes renovating approximately 11,332 square feet to house various warehouse functions. The scope of work for Building 781-O includes renovating approximately 40,000 square feet to house the Naval Operational Support Center (NOSC). Work to accommodate each move will include reconfiguring interior walls; replacing all existing finishes; modifying HVAC, electrical, plumbing, and fire suppression systems; and replacing windows to meet AT/FP and hurricane impact requirements.

HOSPITAL ADMINISTRATION BUILDING

EGLIN AFB, FL

Client: U.S. Air Force

Completion: 2003

Size: 5,000 sf

Design-build project of a new administrative office building. Programmed areas include a lobby, open office area, conference room, breakroom and ancillary spaces. COST: \$788,000

RENOVATE BUILDINGS 632, 633, AND 634

EGLIN AFB, FL

Client: U.S. Air Force

Completion: 2010

Size: 40,420 sf

Renovate Buildings 632, 633, and 634, to house the Eglin Civil Engineering Group and the U.S. Army Corps of Engineers Resident and Area Engineers. Each of the buildings are renovated to suit a total of six user groups, two per building. Buildings 632 and 633 are 12,460 square foot each. Building 634 is larger at 15,500 square feet each. Comply with current AT/FP standards. Interior layout consists of open office areas of modular office systems, private offices for supervisors, and support areas for all including conference, break room, and storage areas. Cost: \$4,170,000

RELEVANT EXPERIENCE

RECREATIONAL FACILITIES

MAIN ENTRANCE AREA, BUILDING 1417 NAS WHITING FIELD, MILTON, FL

Client: U.S. Navy
Completion: 1994
Size: 2,500 sf

This project consisted of the renovation of the main entrance to the building to serve as an exhibit space to highlight the history of Whiting Field.
Cost: \$300,000

CONSOLIDATED CLUB SWIMMING POOL NAS WHITING FIELD, MILTON, FL

Client: U.S. Navy
Completion: 1996
Size: 2,700 sf

This project consisted of the enhancement of the existing consolidated swimming pool to include open air covered gazebos, brick screen walls, and the addition of a slide.
Cost: \$200,000

GOLF CLUB HOUSE ADDITION, BUILDING 2895 NAS WHITING FIELD, MILTON, FL

Client: U.S. Navy
Completion: 1991
Size: 3,200 sf

This project consisted of an addition to the existing golf club house to include terrace platform, covered patio, and exterior renovations.
Cost: \$300,000

MISCELLANEOUS FACILITIES

REPAIR TRANSIENT VISITOR'S QUARTERS, BLDG'S 313 & 314 NCBC GULFPORT, MS

Client: U.S. Navy
Completion: 2010
Size: 6,500 sf

Renovate various areas of existing buildings for use by transient-status military, civilians and visitors to the Navy Gateway Inns and Suites. Facilities are located at NCBC Gulfport, Mississippi. Scope of work for Building 313 also includes the extension of new lobby area with new roof, entrance driveway from 5th Street, sidewalks and porte-cochere.
Cost: \$1.5 Million

CONTROLLED ENVIRONMENT STORAGE FACILITY CAMP RUDDER, EGLIN AFB, FL

Client: U.S. Air Force
Completion: 2008
Size: 6,140 sf

The project consisted of building a new facility for maintenance and storage of boats and for maintenance and storage of communications equipment. The project was required to support equipment and personnel for the third phase of the U.S. Army Ranger School located at Camp Rudder, Eglin Air Force Base, Florida. In general, the work consisted of an open-air pre-engineered metal building "pole-barn" for trailer boat storage, and an enclosed pre-engineered metal building housing shops, offices, break room, and ancillary spaces.
Cost: \$1.4 Million

CONSTRUCT ENTRY GATE HOUSE FACILITIES COLUMBUS AFB, MS

Client: U.S. Air Force
Completion: 2010

The design-build project included the Main Gate and South Gate Guard House Areas and the Main Gate Large Vehicle Inspection Area. The Main Gate includes the inspection office, three additional inspection stations, two in-bound and one out-bound lane, an out-bound inspection pull-out and an in-bound inspection pull-out with an adjacent covered waiting area. The South Gate includes an identical inspection office and one inspection station and an in-bound inspection pull-out with an adjacent covered waiting area. The Large Vehicle inspection area includes a 3 lane covered area for vehicle inspection and the inspection office. Cost: \$2,654,934

RFP DOCUMENTATION

RENOVATE BLDG 1500 AS COMMAND HEADQUARTERS

NAS PENSACOLA, FL

Client: U.S. Navy

Completion: 2010

Size: 69,565 sf

This project consisted of developing and writing a Request for Proposal (RFP) for the renovation of Building 1500 for the use of Command Headquarters. Building 1500, a three-story building, includes the following tenant spaces: Commanding Officer Suite, Inspector General, Public Affairs Office, Office of General Counsel, Safety, Judge Advocate General, Honor Guard, Community Outreach, Financial Management, Management Assistance, IT, Correspondence Office, and other support spaces. Issues that were addressed in preparing the RFP included Anti-Terrorism/Force Protection, ADA Accessibility, Sustainability, Historic Preservation, installation of an elevator, hazardous material abatement, and replacement of all utility systems. Construction Budget: \$12,605,000

REPLACE SWITCHING STATION "CW"

NTTC CORRY FIELD, PENSACOLA, FL

Client: U.S. Navy

Completion: 2010

Size: N/A

This project consisted of developing and writing a Request for Proposal (RFP) for providing a new Switching Station adjacent to the existing Switching Station indicated as "CW" and located at Corry Station, Pensacola, Florida. The new Switching Station will be installed complete prior to disconnection and demolition of the existing Switching Station. Construction Budget: \$1,700,000

RENOVATE BOQ, BUILDING 600

NAS PENSACOLA, FL

Client: U.S. Navy

Completion: 2011

Size: 67,859 sf

This project consisted of developing and writing a Request for Proposal (RFP) for the renovation of Building 600, located at NAS Pensacola, to upgrade floor finishes throughout the building, reconfigure the front desk, replace all kitchenette units, and modernize the facility by installing two new elevators to serve all three floors. Building 600 is currently occupied and operational as a Bachelors Officers Quarters (BOQ) and visitor's lodging facility complete with staff. The facility serves military members, civil servants and military retirees visiting Naval Air Station Pensacola. Building 600 is a three story facility built in 1936 for use as student officer's quarters. Construction Budget: \$2,500,000
